<div><div>1. CUSTOMER SEGMENT(S)</div><div>Who is your customer?</div><div>Students Business people Old age people</div><div>CS</div></div>	<div><div>6. CUSTOMER CONSTRAINTS</div><div>What constraints prevent your customers from taking action or limit their choices of solutions? .</div><div>Must have constant network connectivity Manual updation Follow their own interest of news</div><div>CC</div></div>	<div><div>5. AVAILABLE SOLUTIONS</div><div>Which solutions are available to the customers when they face the problem</div><div>or need to get the job done? What have they tried in the past? What pros & cons do these solutions have?</div><div>Previously we use the Newspaper and television to view the news and we cant carry that everywhere.Now we are using mobile phones which is portable we can view the news digitally.</div><div>AS</div></div>
<div><div>2. JOBS-TO-BE-DONE / PROBLEMS</div><div>Which jobs-to-be-done (or problems) do you address for your customers? There could be more than one; explore different side.</div><div>Physically cant carry the Newspaper Did not get an updated news on time Existing application will have more advertisement No proper personalization news User interface will not be good</div><div>J&P</div></div>	<div><div>9. PROBLEM ROOT CAUSE</div><div>What is the real reason that this problem exists? What is the back story behind the need to do this job? i.e. customers have to do it because of the change in regulations.</div><div>There are multiple news sharing apps used by a single user and are often spammed with notification. Manual updation should be done carefully because the duplication of news may occur</div><div>RC</div></div>	<div><div>7. BEHAVIOUR</div><div>What does your customer do to address the problem and get the job done? i.e. directly related: find the right solar panel installer, calculate usage and benefits; indirectly associated: customers spend free time on volunteering work (i.e. Greenpeace)</div><div>Some of the existing solutions are:</div><div>Application feedback Google feedback</div><div>BE</div></div>
